

**STATEMENT OF THE GREEK-TURKISH FORUM  
ON THE PASSING OF  
COSTAS ZEPOS**

August 6, 2023

The Greek Turkish Forum (GTF) mourns the loss of Constantinos Zepos, a founding member of the Forum. He contributed substantially to its work by leading the CBM sub-group in the late 1990s. He was a member of the team that drafted the 2001 Aegean Report.

A man of integrity, he followed his convictions throughout his life and was widely respected as a diplomat and an intellectual fighting for a more just world. He firmly believed in the contribution of citizens' movements in peacebuilding and took part in many initiatives to promote conflict management and stability in our broader region.

He will be dearly remembered by all his friends and colleagues at the Greek-Turkish Forum.
