

**STATEMENT OF THE GREEK-TURKISH FORUM
ON THE PASSING OF
Mr. ERDİL NAMİ
February 24, 2026**

The Greek Turkish Forum (GTF) expresses its deep sorrow at the passing of Erdil Nami, a former distinguished member of the Forum and a prominent political figure of the Turkish Cypriot community.

Mr. Nami served in senior public offices, and was widely respected for his pragmatic approach, his commitment to dialogue, and his efforts to promote economic cooperation and engagement across the island of Cyprus.

At a time when political differences often deepened mistrust, Mr. Nami was among those leaders who believed that practical cooperation — especially in trade, tourism, energy, and civil society engagement — could create the foundations for a more sustainable political future.

Throughout his public life, he supported confidence-building measures and constructive communication across communities, contributing to initiatives that foster mutual understanding and stability in the Eastern Mediterranean.

The Greek Turkish Forum extends its sincere condolences to his family, colleagues, and the Turkish Cypriot community.

May his memory be honored with continued efforts toward dialogue and peaceful coexistence.
